

I have been able to do public speaking again and it's been a wonderful adventure. In fact, I just came back from AZ where I was able to minister in a Tribal Prison for a second time. There are more events and speaking engagements coming up. If you would like an updated list, please send an e-mail to colleensclapper@gmail.com Also, requests for me to speak can be sent at this address too.

Thanks for the prayers and support. Looking forward to what God has in store... His agenda, not mine.
